Dear Janna,

Following the completion of the audit performed December 5, 2014
by auditor

Norman Alayan
of
Bureau Veritas

and the receipt of an acceptable audit report and recommendation by ISIA,
ISIA is happy to recognize

Abattoir Basics Company

as being Traceability Certified according to the ISIA Traceability Program.

This certification allows ABC to apply to use the ISIA Traceability Seal on its marketing collateral materials such as website, brochures, letterhead, etc., in accordance with the Policy for the Use of the Quality Seal, which has been sent under separate cover.

The Quality Seal may not be used on product labels.

All uses of the Traceability Seal must be approved by the CEO of ISIA.

In addition, ABC will be listed as Traceability Certified on the ISIA website.

This certification will be valid for a maximum period of three years from the date of the audit report (through November 2017), and can be renewed upon completion of another successful audit. Should ABC not renew its certification, it will be removed from the ISIA website and must no longer claim to be certified or use the Traceability Seal.

Congratulations,

Rosemary J. Versteegen Ph.D.
CEO
