November 3, 2015

Dear Cindy & Skip,

Following the completion of the audit performed August 12, 2015  
by auditor

Ismael Belmarez  
Det Norske Veritas

and the receipt of an acceptable audit report and recommendation by ISIA,  
ISIA is happy to recognize

## Animal Technologies

as being traceability certified according to the ISIA Traceability Program.

This certification allows Animal Technologies to apply to use the ISIA Traceability Seal on its marketing collateral materials such as website, brochures, letterhead, etc.

The Seal may not be used on product labels.

All uses of the Traceability Seal must be approved by the CEO of ISIA.

In addition, Animal Technologies will be listed as Traceability Certified on the ISIA website.

This certification will be valid for a maximum period of three years from the date the audit report (through July-2018), and can be renewed upon completion of another successful audit. Should Animal Technologies not renew its certification, it will be removed from the ISIA website and must no longer claim to be certified or use the Traceability Seal.

Congratulations,

Rosemary J. Versteegen Ph.D.  
CEO
