Jenny Murray
Life Science Production
PO Box 1519
Bedford United Kingdom

December 18, 2015

Dear Jenny,

Following the completion of the audit performed in October, 2015
by auditor

Andy Booth
Bureau Veritas

and the receipt of an acceptable audit report and recommendation by ISIA,
ISIA is happy to recognize

Life Science Production

as being traceability certified according to the ISIA Traceability Program.

This certification allows LPS to apply to use the ISIA Traceability Seal on its marketing
collateral materials such as website, brochures, letterhead, etc.

The Seal may not be used on product labels.

All uses of the Traceability Seal must be approved by the CEO of ISIA.

In addition, LPS will be listed as Traceability Certified on the ISIA website.

This certification will be valid for a maximum period of three years from the date the audit report
(through September -2018), and can be renewed upon completion of another successful audit.

Should LPS not renew its certification, it will be removed from the ISIA website and must no
longer claim to be certified or use the Traceability Seal.

Congratulations,

Rosemary J. Versteegen Ph.D.
CEO
