Dear Elizabeth,

Following the completion of the audit performed in July 2015 by

Duncan Cochran of BSI

and the receipt of an acceptable audit report from the auditor by ISIA,
ISIA is happy to recognize

Moregate Biotech

as being Traceability Certified according to the ISIA Traceability Program.

This certification allows Moregate Biotech to use the ISIA Traceability Seal on its marketing collateral materials such as website, brochures, letterhead, etc., in accordance with the Policy for the Use of the Quality Seal, which has been sent under separate cover.

The Quality Seal may not be used on product labels.

All uses of the ISIA Traceability Seal must be approved by the CEO of ISIA.

In addition, Moregate Biotech will be listed as Traceability Certified on the ISIA website.

This certification will be valid for a period of three years from the date of the audit report (through June 2018), and can be renewed upon completion of another successful audit. Should Moregate Biotech not renew its certification, it will be removed from the ISIA website and must no longer claim to be certified or use the Traceability Seal.

Congratulations.
