Dear Simon and Andres,

Following the completion of the audit performed February 29, 2016
by auditor

Norman Alayan
Bureau Veritas

and the receipt of an acceptable audit report and recommendation by ISIA,
ISIA is happy to recognize

Newman Biotech Australia

as being traceability certified according to the ISIA Traceability Program.

This certification allows Newman Biotech Australia to apply to use the ISIA Traceability Seal on its marketing collateral materials such as website, brochures, letterhead, etc.

The Seal may not be used on product labels.

All uses of the Traceability Seal must be approved by the CEO of ISIA.

In addition, Newman Biotech Australia will be listed as Traceability Certified on the ISIA website.

This certification will be valid for a maximum period of three years from the date the audit report (through February, 2019), and can be renewed upon completion of another successful audit.

Should Newman Biotech Australia not renew its certification, it will be removed from the ISIA website and must no longer claim to be certified or use the Traceability Seal.

Congratulations,

Rosemary J. Versteegen Ph.D.
CEO
