Germany

February 28, 2017

Dear Regina,

Following the completion of the audit performed on February 14, 2017 by auditor

Brian Livingstone
Wroxham Consultants

and the receipt of an acceptable audit report and recommendation by ISIA,
ISIA is happy to recognize

Serum Technologies GmbH

as being traceability certified according to the ISIA Traceability Program.

This certification allows Serum Technologies GmbH to apply to use the ISIA Traceability Seal on its marketing collateral materials such as website, brochures, letterhead, etc.

The Seal may not be used on product labels.

All uses of the Traceability Seal must be approved by the CEO of ISIA.

In addition, Serum Technologies GmbH will be listed as Traceability Certified on the ISIA website.

This certification will be valid for a maximum period of three years from the date the audit report (through January, 2020), and can be renewed upon completion of another successful audit. Should Serum Technologies GmbH not renew its certification, it will be removed from the ISIA website and must no longer claim to be certified or use the Traceability Seal.

Congratulations,

Rosemary J. Versteegen Ph.D.
CEO
