James Crean
Judith Pogoda-Leone
Thermo Fisher Scientific
3157 Staley Road
Grand Island NY 14072

Dear Jim and Judith,

Following the completion of the audit performed February 19, 2017 by auditors

Norman Alayan/Global Alayans Services
and
Duncan Cochran/BSI Group

and the receipt of acceptable audit reports and recommendation by ISIA,
ISIA is happy to recognize

Thermo Fisher Scientific

as being traceability certified according to the ISIA Traceability Program.

This certification allows Thermo Fisher Scientific to apply to use the ISIA Traceability Seal on its marketing collateral materials such as website, brochures, letterhead, etc.

The Seal may not be used on product labels.

All uses of the Traceability Seal must be approved by the CEO of ISIA.

In addition, Thermo Fisher Scientific will be listed as Traceability Certified on the ISIA website.

This certification will be valid for a maximum period of three years from the date the audit report (through January, 2020), and can be renewed upon completion of another successful audit. Should Thermo Fisher Scientific not renew its certification, it will be removed from the ISIA website and must no longer claim to be certified or use the Traceability Seal.

Congratulations,

Rosemary J. Versteegen Ph.D.
CEO
