

Brian Lewis
VP Operations, VWR Life Science Seradigm

Brian Lewis has spent his career as a Finance and Operations leader in the Medical Supply Industry, having worked for Cardinal Health, Thermo Fisher Scientific, and VWR. He has held various positions including Controller, VP of Finance, CFO, Global Supply Chain Manager, and VP of Operations. He has been extensively involved in the Serum industry for the last 11 years. During the same time he has been actively involved with ISIA and has had the pleasure to serve on the board as well as several of the operating committees, helping to impact change in our industry.
