INDUSTRY ASSOCIATION

## **Steve Flint** **CEO, Abattoir Basics Company**

Steve Flint is a trusted, seasoned professional in the serum industry. Mr. Flint started his career in serum working for the gold-standard company Hyclone. In his 18 years at Hyclone, Flint made it a priority to understand every aspect of the business from production to the end-use of the product including customer needs.

Flint started Abattoir Basics Company (ABC) in 2007 and has carried on the tradition of producing the highest quality raw serum available on the market. ABC has since grown into the largest collector and processor of US and Canadian source FBS. Flint is passionate about the serum industry and maintaining the credibility and value of our product. He is an experienced voice and personality that is not afraid to fight for the good of the industry.
